Main Work Activities

- Building and maintaining client reporting dashboards
- Monthly forecasting and analysis for retained clients
- Remote collaboration with the analytics team via Slack and Zoom
- Presenting results to clients by video call

All income above is processed and reported in line with the tax rules of my home country, and every figure matches the evidence in the Evidence Appendix on the final page. Invoicing & accounts	FreeAgent, Xero

All work is carried out through the digital tools listed above, with no requirement to attend any office or fixed location. A laptop and a reliable internet connection are the only requirements, so my work is fully compatible with residence in Thailand.

- Verifiable registration/employment and documented, tax-compliant income
- Location-independent work requiring no office or fixed location
- Digital-first operations fully compatible with international mobility
- Personal funds exceeding the THB 500,000 requirement (see Proof of Funds)
- Full continuity of work while residing in Thailand, with no Thai employer or Thai-sourced income

Work Restrictions Compliance

While in Thailand under the DTV I will work only for employers, clients, and platforms located outside Thailand. I will not take up employment with any Thai company, provide services to Thai clients, or earn Thai-sourced income.

Declaration

I declare that the information in this statement is true and accurate, and that my work can be performed in full from Thailand without any change to who I work for or how I am paid.
